Special Issue on Adolescence

EDITORIAL
Adolescent social cognitive and affective neuroscience: past, present, and future
Jennifer H. Pfeifer and Sarah-Jayne Blakemore

ORIGINAL ARTICLES
The development of emotion regulation: an fMRI study of cognitive reappraisal in children, adolescents and young adults
Adolescents’ depressive symptoms moderate neural responses to their mothers’ positive behavior
Sarah Whittle, Murat Yücel, Erika E. Forbes, Christopher G. Davey, Ian H. Harding, Lisa Sheeber, Marie B. H. Yap and Nicholas B. Allen
Facing puberty: associations between pubertal development and neural responses to affective facial displays
William E. Moore III, Jennifer H. Pfeifer, Carrie L. Masten, John C. Mazziotta, Marco Iacoboni and Mirella Dapretto
Neurodevelopmental changes of reading the mind in the eyes
Bregtje Gunther Moor, Zdena A. Op de Macks, Berna Guroglu, Serge A. R. B. Rombouts, Maurits W. Van der Molen and Eveline A. Crone
Neural processing associated with cognitive and affective Theory of Mind in adolescents and adults
Development of the action observation network during early adolescence: a longitudinal study
Daniel J. Shaw, Marie-Helene Grosbras, Gabriel Leonard, G Bruce Pike and Tomas Paus
Neural circuitry underlying affective response to peer feedback in adolescence
Amanda E. Guyer, Victoria R. Choate, Daniel S. Pine and Eric E. Nelson
Peer acceptance and rejection through the eyes of youth: pupillary, eyetracking and ecological data from the Chatroom Interact task
Time spent with friends in adolescence relates to less neural sensitivity to later peer rejection
Carrie L. Masten, Eva H. Telzer, Andrew J. Fuligni, Matthew D. Lieberman and Naomi I. Eisenberger
Adolescent peer interaction and trait surgency weaken medial prefrontal cortex responses to failure
Sidney J. Segalowitz, Diane L. Santesso, Teena Willoughby, Dana L. Reker, Kelly Campbell, Heather Chalmers and Linda Rose-Krasnor
